D. C. SEN,
Under Secretary,
Union Public Service Commission.

OFFICE OF THE PRINCIPAL INFORMATION OFFICER TO THE GOVERNMENT OF MYSORE,
OLD PUBLIC OFFICES, BANGALORE.

Press Note.

REVISION OF FOOD POLICY IN MYSORE STATE.

Government had, in their Press Note dated 10th April 1952, announced revision in Food Policy in the State. Since then, various suggestions for further relaxation have been put forward and the entire question has been discussed on the floor of the Legislative Assembly. After deep consideration and in the light of the discussions in the Assembly, Government are pleased to further modify the Food Policy as follows:—

1. Relaxation of movement restrictions outside Statutorily Rationed Areas.

With effect from 1st May 1952, free movement of foodgrains was given effect to except from and into the statutorily rationed areas. It was also notified that free trading by traders was not permitted and that movement of foodgrains for purposes other than *bona fide* consumption was illegal. This policy will be continued and further relaxation will be made. Movement of large quantity of foodgrains by lorries, buses and trains will be prohibited except under permits to be issued by the Officers authorised to issue the same. Permits in such cases will only be granted for movement of grains from surplus to deficit areas on the traders' account, who are to be specially licensed for the purpose.

2. De-rationing Mysore City.

Free movement of foodgrains was so far permitted in rural areas. Government have now gone a step further and de-rationed Mysore City also.

3. Licensed Dealers.

At present, Government have the monopoly of trade in foodgrains both with regard to procurement and with regard to the distribution to the consumers through Government Depots, Licensed Dealers and Co-operative Societies. With the revision in the Food Policy, statutory rationing will be confined only to the Cities of Bangalore, Kolar Gold Fields and Davangere and the rest of the areas in the State will be de-rationed and there will be no restriction with regard to the movement of foodgrains except to the extent specified above. Trade in foodgrains would, however, be in accordance with the prices that are fixed by Government from time to time and the trade in foodgrains would be confined even in the de-rationed areas only to dealers who are specially to be licensed for the purpose. These licensed dealers will be responsible for the purchase of foodgrains directly according to controlled rates and distribution to the consumers at the retail rates that are notified by Government from time to time.

4. Movement into the Statutorily Rationed Areas.

At present, no person can bring into the statutorily rationed areas more than two seers of foodgrains per head. There have been repeated representations that the quantitative limit with regard to the foodgrains permitted to be brought into the statutorily rationed areas needs to be enhanced. Government have, on further consideration,

decided to permit movement of foodgrains into the statutorily rationed areas up to five seers per head.

5. Collection of Land Revenue in kind.

In the Press Note dated 10th April 1952, it was announced that Government intended to enforce the system of collection of land revenue in kind instead of in cash. On further examination, it is now felt that in view of the practical difficulties, Government have decided to continue to collect land revenue in cash only as heretofore and abandon the idea of enforcing the collection of revenue in kind.

6. Levy System.

As already announced in the Press Note dated 10th April 1952, the procurement of foodgrains by "Levy System" is under examination and details of the scheme are being worked out and will be announced shortly, well in time, before the next harvest.

(P. N. No. 91—14-8-52).

Press Note.

The necessity having arisen in the matter of assisting agriculturists in the State to secure manure, seeds, agricultural implements and other necessities, Government sanctioned in 1949 a scheme for the establishment of Multi-purpose Co-operative Societies. Accordingly, 82 Taluk Multi-purpose Co-operative Societies have been established and have been registered all over the State. With a view to making these societies self-supporting and not always dependent on Government assistance, the several concessions granted to them in the shape of staff, transport charges, rents for godowns, etc., have since been withdrawn by Government.

It is heartening to note that a good number of these societies are self-supporting and are working in a satisfactory manner. It is also true that several others that are working honestly, have been handicapped by lack of finance and, therefore, have not been able to meet their normal expenditure. Government have carefully considered this problem of extending help to such of those societies as really deserve assistance and have now been pleased to allot a sum of rupees one lakh for the year 1952-53 for the sole purpose of giving pecuniary assistance,—Rs. 100 per month per society to be given as subvention only to such of those Taluk Multi-purpose Co-operative Societies as really deserve encouragement in order to work honestly and satisfactorily. This concession is applicable only for the current year.

The Registrar of Co-operative Societies has been authorised to distribute this amount, keeping in view the purpose behind the sanction of this concession. He has been requested to see that a judicious use is made of this amount. He has also been requested to see that wherever help is to be given, such help is rendered expeditiously.

(P.N. No. 92—14-8-1952).

Press Note.

Abolition of Rural Development Committees.

In pursuance of the scheme for the re-organisation of the Rural Development work started in October 1948, District and Taluk Development Committees were constituted during February and March 1949. These Committees were vested with powers of sanctioning estimates of Rural Development works and sanctioning expenditure in regard to certain items. Consequent upon the promulgation of the Village Panchayet and District Boards Act of 1952, and also as a measure of economy, the Rural Development Committees have been abolished.

During the past three and half years, these Rural Development Committees have generally met regularly and transacted business efficiently with enthusiasm and sense of responsibility. Apart from tendering valuable advice to Government in matters of rural development, the Committees have considerably facilitated the execution of rural development works and have striven hard in several places to kindle local initiative. Government wish to thank the Chairmen and Members of the District and Taluk Development Committees for the work they have done and to place on record their appreciation of the services rendered.

(P. N. No. 93—14-8-1952).

Press Note.

Prize of Rs. 2,000 for the best Model of Mohwa Hand Decorticator.

In Press Note No. 33, dated 12th May 1951, an announcement was made to the effect that a prize of Rs. 2,000 will be awarded by the Indian Central Oil Seeds Committee to any person or body who designs the best model of hand-driven decorticator and it was specified that entries should be sent to the Secretary, the Indian Central Oil Seeds Committee, Ministry of Food and Agriculture, Room No. 345, Block No. 9, Shah-ha-Jahan Road, New Delhi, so as to reach him not later than 30th April 1952.

The Indian Central Oil Seeds Committee has now announced that the last date for the receipt of entries has been extended to 31st August 1952. Intending competitors are requested to note the extension of the last date.

(P.N. No. 94—18-8-52).

Press Note.

Distress Relief.

In view of the fact that it has not been found possible to afford relief in the distress-affected areas of the State solely through the Distress Relief Funds, Government have decided that the funds at the disposal of the Grow More Food Campaign may be partly diverted to this work. They have, accordingly, directed that the Public Works Department might take up, urgently, distress relief works wherever found necessary, and to see that employment is given to the unemployed in these regions. Government have also decided on the amounts to be allocated to each district as follows, for the current year :—

Kolar District	...	...	Rs. 3 lakhs
Chitaldrug District	...	...	Do
Tumkur District	...	...	Do
Shimoga District	...	...	Rs. 1½ lakhs
Hassan District	...	...	Do
Kadur District	...	...	Rs. 1 lakh
Bangalore District	...	...	Do
Mysore District	...	...	Do
Mandya District	...	...	Rs. 1·17 lakhs

(P.N. No. 95—18-8-52).

D. R. RAMAIYA,

3814 For *Principal Information Officer*

FOREST DEPARTMENT

OFFICE OF THE CHIEF RESEARCH OFFICER, FOREST RESEARCH LABORATORY, MALLESWARAM, BANGALORE-3.
